

## Breakout Session

- Strategic planning cycle is typically shorter than 7 years.
  - New standards improve focus.
  - Make pilot reports available for all schools to review.
  - On-going involvement with assessment related to new standards.
  - Improve legislative message.
  - Interdisciplinary groups forming around themes.
  - Some schools lack IR person or having difficulty finding and keeping quality IR person.
  - Think changes are positive.
  - Like continuous model.
  - Like book that has chapters.
  - See this through: don't change direction med stream. Schools will be starting before new standards are adopted.
  - Pilot schools speak highly of process.
  - Emphasis on sustainability essential.
  - Pilot school commented that new standards are streamlining college planning processes.
  - Expectations should be lower for schools with shorter timelines.
  - Feedback from commission on each phase of report.
  - How to determine core themes? Broad? Narrow?
  - Group favors the new standards.
  - Thanks for asking. Great exercise.
-
