

CHARLES “MAC” POWELL, PHD

SUMMARY

Innovative higher education executive with demonstrated leadership skills in developing strategic programs and services that meet the evolving educational needs of our communities, in building partnerships and consensus within and between organizations, and in inspiring excellence in individuals and groups, coupled with proven expertise in accreditation requirements and processes.

LEADERSHIP EXPERIENCE

Senior Fellow

Northwest Commission on Colleges and Universities

2017-Present

Pacific Northwest

The Northwest Commission on Colleges and Universities (NWCCU) is one of seven, non-profit membership organizations recognized by the U.S. Department of Education as authorities on educational quality and institutional effectiveness of higher education institutions. The Commission oversees regional accreditation for 162 institutions in the seven-state Northwest region of Alaska, Idaho, Montana, Nevada, Oregon, Utah, and Washington.

- Facilitate the successful operations of the agency through responsibilities including institutional outreach, policy creation, and improved use of technology.
- Develop partnerships and support the creation of shared services between regional accrediting agencies.
- Support the efforts of the staff and Commission in its re-recognition by the United States Department of Education.
- Partner with foundations to support Commission initiatives around student achievement and institutional success.

President

Bastyr University

2015-2017

Seattle and San Diego

Bastyr University is a nonprofit, private university offering graduate and undergraduate degrees with a multidisciplinary curriculum in science-based natural and integrative medicine. Recognized globally for its rigorous curriculum and strong research, Bastyr is a multi-campus University with clinics and educational facilities in Seattle, San Diego, and Austin. Its budget of nearly \$50 million and patient contacts of over 60,000 per year make it a national leader in integrative medicine.

- Achieved a record 99% percent student retention level between fall to spring terms by innovating in admissions activities and student services.

- Expanded partnerships with hospitals and clinics to enhance research, internships, residencies, and career opportunities for students leading to increased student outcomes and alumni satisfaction.
- Achieved historic levels of fundraising by building renewed energy in the development program and through personal engagement with prospective donors and sponsors.
- Worked in partnership with staff and faculty to enhance marketing efforts, public relations efforts, and social media presence.
- Supported a culture and team that achieved record student enrollments in Fall 2016 and Summer 2017.
- Fostered partnerships with integrative medical schools to achieve joint marketing, career preparedness, and legislative efforts.
- Aligned institutional resources to achieve significant clinical growth, achieving 10,000 new patient contacts in the San Diego Clinic in 2016 and 12,500 in 2017.

National University System

2003-2015

President

2013-2015

John F. Kennedy University

San Francisco Bay Area

John F. Kennedy University, an affiliate of the National University System, is a multi-campus non-profit university with seven locations and three colleges, including undergraduate, graduate, and doctoral programs throughout the San Francisco Bay Area. The University is among the area's largest providers of graduate education and mental health services through its three clinics, located in Oakland, Concord, and the Silicon Valley. The University's mission is to transform lives and change the world.

- Exceeded university financial goals and achieved historic financial performance through innovation and refocusing marketing and admissions efforts.
- Achieved cooperative renegotiation of faculty salaries tied to an increase in base compensation and quality benefits.
- Obtained federal recognition as a Hispanic Serving Institution for the University.
- Oversaw effort to obtain full re-accreditation of the university's Doctor of Psychology (PsyD) program from the American Psychological Association.
- Led significant increases in university fundraising and community outreach.
- Installed new enrollment management software and academic advising process to better serve students at all levels.
- Guided faculty and staff through development, approval and the successful launch of new online and onsite programs.

President and CEO

2010-2013

WestMed College

San Jose, CA

WestMed College, an affiliate of the National University System, is a six campus non-profit allied health school serving nurses, paramedics, EMTs, sonographers, and medical assistants throughout California.

- Successfully implemented the accreditation strategy for the expansion of campuses.

- Led the college's acquisition process as it expanded to a multi-campus allied health care system.
- Developed a customer service strategy that led to a 92% retention rate and a 30% improvement show rate for students.
- Assured compliance with federal, state, and academic accrediting body standards and regulations, while successfully implementing the college's achievement of Title IV funding.
- Managed key metrics of the institution, including student enrollment, retention, average quarterly starting student body, revenue, operating income, operating margin, new programs, program rollout, graduate and employment placement rate, graduate and employer satisfaction, and past due accounts.
- Provided leadership for the development and implementation of new academic programs and delivery models as well as continued improvement of current offerings.

Executive Director

2010-2013

Center for Performance Psychology

Carlsbad, CA

The Center for Performance Psychology is an affiliate member of the National University System and helps to advance the public's knowledge of performance psychology in both athletics and organizations by hosting conferences, workshops, speaker series and certificate courses.

- Directed the creation and operation of the Center for Performance Psychology, which utilizes the latest technology and research in sports and psychology to assist athletes in achieving their performance goals and to help coaches improve their team building and communication skills.

ACADEMIC AND TEACHING EXPERIENCE

Program Lead & Associate Professor

2005-2009

National University

Los Angeles, CA

- Oversaw the ongoing training and development of over 400 Master of Arts in Counseling Psychology students per year on eight campuses in California and Nevada.
- Supervised assessment initiatives and program development. Taught eight graduate level courses annually and managed the enrollments at the Los Angeles and Sherman Oaks campuses for the university.
- Conducted research and engaged in university service and initiatives.
